

WAGE REDUCTION HERE ANNOUNCED

(CONTINUED FROM PAGE ONE)

possible. Thousands of men are being laid off every day by eastern factories and industries because of the present business depression. No industry has been hit harder by this depression than that of producing copper. I do not believe there is a single person in the Warren District who would favor laying off of a lot of men in order that a comparatively few might keep on drawing war time salaries. We do not want to see thousands of men out of work in Arizona nor do we want to see any of the big mines closed down because they cannot be operated without huge losses.

Men Are Notified

"The new wage scale, we believe, will help the situation a great deal, and it has been gratifying to us today to see that the thousands of employees here have apparently given the situation a lot of thought recently and are apparently willing to realize just what the true conditions are."

Before the announcement of the wage reduction was made, it was stated last night, grievance committees of both companies were notified of the plan. It is thought probably that a meeting of these committees will be held within the next few days, but no friction between employees and company officials over the new scale is looked for.

Local merchants, upon learning of the wage reduction yesterday, gave assurance that prices on foodstuffs, clothing, fuel and other necessities would be kept down to the lowest possible level with the intention of making the new wage scale as easy to conform with as possible.

In general the wage reduction was received with much more optimism than pessimism, inasmuch as it settled the question that has been in the minds of the entire district for many months: "How is the Warren District going to pull through the present nation-wide depression?" In a manner that was much more cheerful than many had expected.

All smaller companies and leasers in the district, it was reported last night will conform with the new scale set by the C. & A. and Copper Queen.

Rheumatic Pains

Quickly Eased By Penetrating Hamlin's Wizard Oil

A safe and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out the soreness, and limbers up the stiff aching joints and muscles.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for earache, toothache, and croup. Always keep it in the house. Generous size bottle 50c. If you are troubled with constipation or sick headache try Hamlin's Wizard Liver Wipes. Just pleasant little pink pills at druggists for 50c.

Hold-up Suspect Given Fine and 10 Days in Jail

Charged with carrying concealed weapons, and suspected of being implicated in the holdup of W. H. Stratton in Vista Park, Warren, about a week ago, Jesus Jimenez, arrested Thursday night by Patrolman Sherman, was found guilty yesterday in police court and sentenced to pay a fine of \$50 and to ten days in jail.

When Jimenez was arrested the police were raiding a house between O. K. street and Brewery Gulch. He was found to be carrying a new 32-20 calibre revolver, of high grade and price. A 44 calibre gun was found in a room and was claimed by Jimenez. The police are making a check of guns stolen in recent burglaries to see if the two in Jimenez' possession are part of the loot.

Francisco Rodriguez was arrested in Douglas Friday night by a policeman who was making his rounds, flashed his light into an unoccupied house and saw a pistol lying on the floor. At the same time a hand grasped the gun and the officers covered and arrested the man. Rodriguez was sentenced to 90 days in the county jail for carrying concealed weapons. He was brought to Lowell yesterday by Deputy Sheriff Ash, and Stratton looked him over but was unable to positively identify him as the man who held him up. He said that Rodriguez looked like the man, and that his assailant used a similar gun.

'Y' MINSTRELS PROMISE GOOD ENTERTAINMENT

The Y. M. C. A. minstrel show, "The Stranded Troupe Minstrels," to be presented at the Grand Theater Saturday evening, December 18, gives promise of assuming the proportions of "the event of the season" in local theatrical circles. The boys have been rehearsing faithfully during the past two weeks, and some talented thespians have been brought to light.

The action of the first part takes place in a railroad station. The members of the troupe, having been detained by a washout, enter the station singing and are threatened with arrest by the constable for disturbing the peace. On their agreeing to present their show in the station, this aim of the law consents to waive prosecution. Their interlocutor not being present, the station master volunteers to assume this role, whereupon each of the bystanders demands permission to play a part, and all are admitted to the circle.

This part of the entertainment introduces a number of new and unusual songs, as well as some clever and snappy dialogue. A few of the musical numbers presented are "Candy Land," "Mary Will You Marry Me," "In the Valley of Broken Hearts," "Somebody's Waiting for Someone," "The Barefoot Trail," and "The Riddle of Your Eyes."

The second part is an olio featuring a number of high class vaudeville acts.

General admission tickets at 50 cents are on sale at a number of places throughout the Warren District. These may be exchanged for reserved seats at the Bisbee Drug company by the payment of an additional 25 or 50 cents.

International Disagreement Looms Over German Cables

(CONTINUED FROM PAGE ONE)

gation that the German cable in the possession of France and extending from New York to Brazil, via the Azores to Genoa, Italy, and divided between Italy and the United States, is said to have met with the determined opposition of France. It also has been proposed that the cable between South America and Africa, the Monrovia-Perth cable, be jointly owned by the United States and France.

So far as the trans-Atlantic cable from Halifax to Penzance is concerned, Great Britain, which now controls it, has acceded to the desire of the American government that this line be restored to its former connection between New York and Bremen, Germany, in consideration of the transfer to Great Britain of one of the American trans-Atlantic cables between England and Canada.

U. S. Demands Justice. Senators said that Secretary Davis had informed them, however, that a disposition on the part of Great Britain to obtain operating control of the German cables, now worked under its authority, formed another phase of the situation.

Some of the senators who heard Davis expressed hope that the communications might yet reach an agreement. Senator Lodge and other members said the differences had not reached an acute stage, but they were informed by Davis that a meeting of the conference was planned now that the representatives might return home for conferences with their governments regarding future negotiations.

Senators said that, broadly speaking, the position of the United States was that America should enjoy a satisfactory position with regard to cable communications now as it did before the world war.

BOWLING MATCH TODAY

The first of three matches of the annual bowling tournament for the Walter Douglas cup, between teams of the Bisbee and Douglas M. C. A.'s, will be rolled this afternoon at the smelter city. The local team will be composed of E. L. Blair, A. O. Johnson, P. W. Weimore, Fred Wilson and Earl White.

The tournament will be decided by the total number of pins made by the two teams. Bisbee won the cup last year by a margin of one pin.

Garnet Cochran arrived here yesterday from Elk, California, to spend the holidays with his parents, Mr. and Mrs. R. H. Cochran of Moon canyon.

Moran Knocks Out English Champion In Second Round

LONDON, Dec. 10.—Frank Moran, of Pittsburgh, knocked out Joe Beckett, English heavyweight pugilist, in the second round of their match in Albert Hall here tonight.

In the first round Moran led with his left, but was caught with a right to the jaw. Moran then swung his right and clinched. He was warned by the referee.

Beckett got in some good work in the second round and again Moran closed in, trying short arm jabs which failed to land. Moran then got in a hard smash, but Beckett quickly retaliated with a powerful right to the jaw.

Beckett was floored with a crashing uppercut during the fight and was counted out when he failed to rise. The end of the bout came amid excitement. The match was for 20 rounds.

FIGHTING FOR CHILD

Mrs. Spera Antonio, who was reunited at Douglas with her father, El Miguel after having lived all of her life since childhood with a band of gypsies, was still trying to make arrangements yesterday to secure possession of her child who is in keeping of its father.

A weird and almost unbelievable story is the aftermath of the seven year search of the father for his child. To substantiate their charge that Miguel sold his daughter seven years ago in Papa to her present husband, the gypsies unblushingly declare that it has always been the custom of their tribe to buy and sell young girls of the tribe to and among other tribes, priests ranging according to the occult ability of the girl. The gypsies allege that Miguel is seeking the custody of his daughter and her three-year-old child for the sole reason that he can sell them again. They admit that is the reason that they want the child it is said.

Army Officer Is Found Guilty of Forceful Entry

Capt. E. H. Coyle, formerly in command of troops stationed at Naco, was found guilty yesterday in the superior court at Tombstone of forcible entry upon the lands and possessions of Harry James, formerly employed at Camp Naco as a machinist. Counsel for Coyle gave notice of a motion for a new trial.

The case between Coyle and James aroused much interest here several weeks ago. James charged that Captain Coyle entered his home at Naco near the military camp, ordered himself and Mrs. James to leave, and threw their belongings out. After James had made complaint against Coyle, the army officer had Mr. and Mrs. James arrested on charges of bootlegging. The bootlegging charge was dismissed in the local justice court for lack of evidence, but Coyle was found guilty in the justice court at Lowell of forcible entry. He appealed to the superior court.
